HOW HILTON SETS THE STAGE

For more than six decades, Hilton Hotels & Resorts has set the stage for some of Hollywood's most renowned entertainment productions. From movies being filmed almost entirely at a property, like *Born Yesterday* at Capital Hilton, to the war room for team Frost throughout *Frost/Nixon*, our properties have offered a unique setting to capture some of the film industry's most memorable moments. Hilton Hotels & Resorts has been home to many notable musical moments as well, including John Lennon writing "Imagine" at New York Hilton Midtown, hosting the 1st Annual GRAMMY Awards® at The Beverly Hilton and presenting Nick Jonas in concert at Hilton Anatole as part of Hilton Worldwide's Hilton@PLAY concert series. As an innovative brand with style and swagger, we continue our legacy by providing transformative backdrops and scenery that allow producers to elevate the storytelling process.

HILTON IN ACTION

Through a strategic marketing partnership, *Jurassic World*, the latest installment in Steven Spielberg's groundbreaking Jurassic Park series, included the fantasy Hilton Isla Nublar Resort. The property was the only 5-star resort with a footprint in the Jurassic age and was located in the heart of JURASSIC WORLD, housing the thousands of guests who visited the awe-inspiring destination. Hollywood studios find that Hilton provides unique backdrops and set locations to create iconic cinematic moments.
